Anna Maria Marconi

☎ 02 81843834; 02 50323064

✉ annamaria.marconi@unimi.it; annamaria.marconi@asst.santipaolocarlo.it

Sesso Femmina | Data di nascita | Nazionalità Italiana

POSIZIONE RICOPERTA

Dall'1.7.2019 – Direttore del Dipartimento Materno Infantile ASST Santi Paolo e Carlo, Milano
 Dal 27.12.2018 - Professore Ordinario di Ostetricia e Ginecologia; Università degli Studi di Milano, con funzioni assistenziali presso ASST Santi Paolo e Carlo, Presidio San Paolo
 Dall'1.11.2017: Direttore della Scuola di Specializzazione in Ginecologia e ostetricia, UniMi
 Dall'1.11.2009 – Direttore UOC Ostetricia e Ginecologia – Presidio San Paolo, Polo Universitario, ASST Santi Paolo e Carlo, Milano

TITOLO DI STUDIO

Medico Chirurgo
 Specialista in Ginecologia e Ostetricia

**ESPERIENZA
PROFESSIONALE**

Sostituire con date (da - a)

Dall'1.7.2019 – Direttore del Dipartimento Materno Infantile ASST Santi Paolo e Carlo, Milano
 Dal 27.12.2018 - Professore Ordinario di Ostetricia e Ginecologia; Università degli Studi di Milano, con funzioni assistenziali presso ASST Santi Paolo e Carlo, Presidio San Paolo
 Dall'1.11.2009 – Direttore Clinica Ostetrica e Ginecologica – Presidio San Paolo, Polo Universitario, ASST Santi Paolo e Carlo, Milano
 2005 - 2018 Professore Associato di Ostetricia e Ginecologia – Università degli Studi di Milano, con funzioni assistenziali presso ASST Santi Paolo e Carlo, Presidio San Paolo
 1994 – 2004 Dirigente medico I livello Clinica Ostetrica e Ginecologica – Ospedale San Paolo
 1989 – 1994 Aiuto ospedaliero Clinica Ostetrica e Ginecologica – Ospedale San Paolo
 1986 – 1989 Assistente medico Clinica Ostetrica e Ginecologica – Ospedale San Paolo

Datore di lavoro

Università degli Studi di Milano; Via Festa del Perdono 7
 20122 Milano – www.unimi.it

**ISTRUZIONE E
FORMAZIONE**

Date 2006 Royal College of Obstetricians and Gynecologists – London – Training the European Trainers: Teaching and Training Skills & Assessment and Appraisal
 2003 Corso per Dirigenti di Struttura Complessa – Scuola Direzione Sanità I.Re.F
 1985 Fellowship Università del Colorado (USA)
 1984 Specializzazione in Ostetricia e Ginecologia – UniMi [70/70 lode]
 1980 Laurea in Medicina e Chirurgia – UniMi [110/110 lode]
 1973 Maturità classica Liceo “A Manzoni” di Milano

INFORMAZIONI

Attività didattica

Attività Didattica [UniMi ove non specificato]

Corso di Laurea in Medicina e Chirurgia

- Corso Integrato di Clinica Ostetrica e Ginecologica, Polo San Paolo, linea B;
- Corso Integrato di Obstetrics & Gynecology, International Medical School, UniMi.

Scuola di Specializzazione in Ginecologia ed Ostetricia

- 2005-2013: Direzione della ex I Scuola;
- 2008-2017: Segretario della Scuola Unificata [come da DM 29.3.2006];
- 2017- : Direzione della SS in Ginecologia e Ostetricia UniMi.

Altre Scuole di Specializzazione

- 2006-2010: Genetica Medica;
- 2018 - : Reumatologia;
- 2018 - : Medicina Legale;

Corsi di Laurea Triennali

- Ostetricia: Docente del Corso Integrato "La donna e la gravidanza";
- Fisioterapia: Docente dei Corsi Integrati "Chirurgia Generale e Specialistica" e

“Riabilitazione viscerale”.

- Dietistica: Docente del Corso Integrato Medicina Materno Infantile

Corsi di Perfezionamento

- 2015 -: Corso di Perfezionamento “Diritti e inclusione delle persone con disabilità in una prospettiva multidisciplinare” UniMi Dipartimento di Diritto Pubblico Italiano e Sovranazionale con il patrocinio del Ministero della salute [La vita su 2 ruote in famiglia: la prospettiva del medico];
- 2018 -: Corso di Perfezionamento “Violenza di genere” UniMi Dipartimento di Diritto Pubblico Italiano e Sovranazionale [Testimonianza del ginecologo].

Altre Docenze

- 2019: Corso di formazione specifica in Medicina Generale;
- 2005: Corso di Perfezionamento Post Universitario “Aggiornamenti tematici in Perinatologia: parto prematuro, PPRM e induzione del travaglio” Università di Firenze, 19 novembre [Scelta della modalità di induzione];
- 2006: Corso di Cardiotocografia, Università degli Studi di Roma Tor Vergata; 10 novembre [Fisiopatologia della sofferenza fetale in gravidanza e in travaglio di parto];
- 2008-2009: Corso di perfezionamento in “La farmacia al servizio del paziente” [Principali disturbi del sistema riproduttivo e della gravidanza; Malattie a trasmissione sessuale; Uso corretto della contraccezione];
- 2008: Corso di Perfezionamento Post Universitario “Il travaglio di parto e controversie su alcune patologie mediche in gravidanza” Università di Firenze, 15 marzo [Iperemesi gravidica];
- 2009-2013: Collegio Docenti del Dottorato Scienze Fisiopatologiche, Neuropsicobiologiche e Assistenziali del Ciclo della Vita;
- 2014-oggi: Collegio Docenti del Dottorato in Scienze della Nutrizione;
- 2008-2013: Corso Permanente Universitario di Perfezionamento in CTG Convenzionale e Computerizzata, Università di Napoli. Lezione Magistrale inaugurale: Attualità e prospettive dell’equilibrio acido-base fetale e neonatale nella patologia fetale cronica [IUGR] ed acuta [distress fetale].
- Dal 2015: Corso di Perfezionamento “Diritti e inclusione delle persone con disabilità in una prospettiva multidisciplinare” UniMi Dipartimento di Diritto Pubblico Italiano e Sovranazionale con il patrocinio del Ministero della salute [La vita su 2 ruote in famiglia: la prospettiva del medico];
- 2016: VII Corso di Perfezionamento Universitario in Medicina Materno Fetale AA 2015-2016, Università degli Studi di Napoli “Federico II” [Antibiotici e gravidanza];
- Dal 2018: Corso di Perfezionamento “Violenza di genere” UniMi Dipartimento di Diritto Pubblico Italiano e Sovranazionale [Testimonianza del ginecologo].

Docenza in Corsi di Formazione

- 2019: Responsabile Scientifico e Docente dell’Evento Residenziale “Gestione ostetrica della gravidanza a basso rischio” – ASST Santi Paolo e Carlo – 4 edizioni [16 ore l’una].
- 2018: Responsabile Scientifico e Docente del Corso di Formazione “Aggiornamento su emergenza-urgenza in ostetricia” [Modificazioni dell’organismo della donna in gravidanza; Fisiopatologia e gestione dell’emorragia post parto: il punto di vista dell’ostetrico; La sepsi in gravidanza: aspetti ostetrici] - ASST Santi Paolo e Carlo – 4 edizioni.
- 2018: Corso di Formazione “La gestione del dolore nel travaglio di parto” [Partoanalgesia e distocia] - ASST Santi Paolo e Carlo – 1 edizione;
- 2017: Corso di Formazione “Sicurezza in sala parto: prevenzione della morte

- materna” [Modelli di schede per la rilevazione dei parametri di allerta] - ASST Santi Paolo e Carlo – 3 edizioni;
- 2016: Corso di Formazione “La gestione del rischio clinico nelle UUOO di Oncologia e Ostetricia & Ginecologia [Focus su emorragia post parto e distocia di spalla; Codice colore nel TC] – ASST Santi Paolo e Carlo – 1 edizione;
 - 2016: Corso di Formazione “La gestione del rischio clinico nelle UUOO di Oncologia e Ostetricia & Ginecologia [Focus su emorragia post parto e distocia di spalla; Codice colore nel TC] – ASST Santi Paolo e Carlo – 1 edizione;
 - 2016: Presidente del Convegno “Gravidanza e disagio sociale”, Aula Magna UniMi 11 e 12 ottobre;
 - 2015: Membro del Comitato Scientifico di Ama Nutri Cresci, Symposium on “Nutrition related pregnancy outcomes around the world”, Milano, 8 Giugno;
 - 2015: Presidente del Convegno “Uso e abuso degli antibiotici in ginecologia e ostetricia”, Aula Magna UniMi 18 e 19 novembre;
 - 2014: Corso di Formazione “Lettura ed interpretazione del tracciato Cardiotocografico”, AO San Carlo – 2 edizioni;
 - 2013: Responsabile Scientifico e Docente Evento Residenziale 76104 “Isterectomia Ostetrica: indicazioni e tecniche chirurgiche”, AO San Paolo – 2 edizioni;
 - 2013: Responsabile Scientifico Evento Residenziale 73699 “Formazione sul campo: gruppi di miglioramento”, AO San Paolo – 1 edizione;
 - 2013: Responsabile scientifico Evento Residenziale 75899 “Salute globale e tutela della maternità: una sfida per l’operatore sanitario”, AO San Paolo – 1 edizione;
 - 2011: Docente Evento Residenziale 52794 “Analgesia e Anestesia in sala parto”, AO San Paolo – 2 edizioni;
 - Dal 2010: Responsabile Scientifico Evento residenziale presso A.O. San Paolo “Diagnosi prenatale patologia della gravidanza assistenza al parto in gravide fisiologiche o complicate di patologia della gravidanza. Patologia Ginecologica [2010 N 41674; 2011 N 59827; 2012 N68650];
 - 2010: Responsabile Scientifico progetto Formazione sul Campo 48758 “Formazione per operatori che svolgono e svolgeranno corsi di preparazione al parto” AO San Paolo – 1 edizione.

Pubblicazioni

Vedi Allegato 1

Presentazioni, Conferenze,
Seminari

Dal 1986: Inviti a 39 Congressi Internazionali, 73 Congressi Nazionali e altri Istituti Scientifici nazionali e internazionali.

Progetti di Ricerca
Internazionali Finanziati

2005-2006 - European Union Project on obstetric Hemorrhage Reduction: Attitudes, Trial and Early warning System [EUPHRATES] QLG4-CT-2001-01352; Coordinatore Italiano

2003–2008: NIH Grant RO1HD34847: "Fetal velocimetry and amino acid transport in pregnancy", ruolo di Consulente nella collaborazione internazionale con la "Division of Perinatal Medicine", University of Colorado.

2000-2003: March of Dimes Grant 1-FY00-216/738/559: Linking clinical severity and functional correlates with longitudinal studies and intervention. Ruolo di Consulente

nella collaborazione internazionale con la "Division of Perinatal Medicine", University of Colorado;

1997-2001: NIH Grant PO1HD20761: "Metabolic Regulation of Fetal Growth", ruolo di Consulente nella collaborazione internazionale con la "Division of Perinatal Medicine", University of Colorado;

1994-1997: BIOMED1 - Progetto della Comunità Europea: Pathophysiology of impaired placental transfer in intrauterine growth retarded [IUGR] pregnancies: correlation between in vivo and in vitro studies;

1988-1990: CNR Progetto bilaterale Italia-USA: Studio del turnover di glucosio materno nelle gravidanze normali e patologiche mediante l'uso di isotopi stabili;

1988-1993: NATO Grant for International collaboration in Research: Amino acid and glucose metabolism in human and animal models;

Riconoscimenti e premi

2000: Award in Recognition of Women Obstetrician/Gynecologists, da parte della International Federation of Gynecology and Obstetrics [FIGO].

Atti di Congressi Internazionali & nazionali

Dal 1984: 13 atti di congressi internazionali e 26 di congressi nazionali.

Abstracts di Congressi Internazionali su Riviste peer reviewed

1. Sparks JW, Cetin I, Marconi AM, Quick AN Jr., Fennessey PV, Meschia G, Battaglia FC. Glycine and serine utilization in the fetal lamb: placental and fetal hepatic glycine fluxes. *Pediatr Res* 1989;25 [No 4]:60A
2. Beck-Peccoz P, Padmanabham V, Baggiani AM, Cortelazzi D, Buscaglia M, Marconi AM, Medri G, Pardi G, Beitins IZ. Maturation of gonadal function in normal and anencephalic human fetuses: discrepancy between immunologic and biologic activities of circulating FSH. *Hum Reprod* 1990;#151:47
3. Marconi AM, Cetin I, Baggiani AM, Pardi G, Fanelli R, Davoli E, Fennessey PV, Zerbo G, Battaglia FC. Glucose disposal rate [GDR] in pregnancy and its relationship with conceptus mass. *Int J Gynecol Obstet* 1991;#1431:98
4. Cetin I, Marconi AM, Corbetta C, Piceni Sereni L, Battaglia FC, Pardi G. Fetal-maternal amino acid relationship in normal and intrauterine growth retarded [IUGR] pregnancies. *Placenta* 1991;12:377
5. Cetin I, Marconi AM, Corbetta C, Piceni Sereni L, Battaglia FC, Pardi G. Fetal amino acids in normal pregnancies and in pregnancies complicated by intrauterine growth retardation. *J Perinat Med* 1991;19 [Suppl 2]:33

6. Marconi AM, Cetin I, Lanfranchi A, Pardi G, Fanelli R, Davoli E, Fennessey PV, Zerbe G, Battaglia FC. The relationship between glucose disposal rate [GDR] in pregnancy and conceptus mass. *J Perinat Med* 1991;19 [Suppl.2]:103
7. Arosio M, Cortelazzi D, Palmieri E, Bochicchio D, Casati G, Baggiani AM, Buscaglia M, Marconi AM, Pardi G, Beck-Peccoz P. Circulating levels of insulin like growth factor-I [IGF-I] and growth hormone [GH] in human fetuses: differences between normal fetuses and those with intrauterine growth retardation [IUGR] and anencephaly. *J Endocrinol Invest* 1992;15 [Suppl 4]:86
8. Santini F, Cortelazzi D, Baggiani AM, Marconi AM, Beck-Peccoz P, Chopra IJ. A study of serum T₃S concentration in normal and hypothyroid fetuses at various gestational stages. *Thyroid* 1992;2 [Suppl 1]:S91
9. Ferrazzi E, Bellotti M, Marconi AM, L.Flisi, A.Barbera, Pardi G. Cardiac Doppler velocimetry and acid base balance in IUGR fetuses. *Am J Obstet Gynecol* 1993;168[part 2]:328
10. Cortelazzi D, Baggiani AM, Marconi AM, Borgato S. Circulating levels of inhibin in normal and diseased human fetuses. *J Endocrinol Invest* 1993;16 [Suppl 1 to n 6]:108
11. Marconi AM, Ronzoni S, Cetin I, Davoli E, Fanelli R, Fennessey PV, Battaglia FC, Pardi G. An evaluation of fetal glucogenesis in pregnancies with intrauterine growth retardation. The prevention of fetal distress: new aspects of perinatal medicine. *J Perinat Med* 1994;22 [Suppl.1]:182
12. Cortelazzi D, Baggiani AM, Marconi AM, Buscaglia M, Preziati D, Venegoni E, Acaia B, Pardi G, Beck-Peccoz P. Treatment of fetal hypothyroidism by TRIAC administration to the mother. *J Endocrinol Invest* 1994;17 [Suppl 1 to 6]:73
13. Marconi AM, Perugino G, Marcozzi S, Cetin I, Paolini CL, Pardi G. Oxygenation and acid base balance in concordant [C] and discordant [D] twins. *J Soc Gynecol Invest* 1995;2:214
14. Cetin I, Ronzoni S, Marconi AM, Corbetta C, Perugino G, Battaglia FC, Pardi G. Maternal concentrations and fetomaternal difference of plasma amino acids in normal and intrauterine growth retarded [IUGR] pregnancies. *J Soc Gynecol Invest* 1995;2:295
15. Marconi AM, Paolini CL, Cetin I, Perugino G, Buscaglia M, Battaglia FC, Pardi G. The impact of gestational age and of intrauterine growth upon maternal-fetal glucose concentration differences determined at cordocentesis. *Pediatr Res* 1995;37:222A
16. Beck Peccoz P, Cortelazzi D, Marconi AM, Baggiani AM, Buscaglia M, Polk DH, Fisher DA, Wu SY. Serum "compound Wu" concentrations in fetuses and their mothers at various gestational stages. *Thyroid* 1995;5 [Suppl 1]:S-203
17. Marconi AM, Cetin I, Davoli E, Paolini CL, Ronzoni S, Fanelli R, Buscaglia M, Pardi G, Battaglia FC. An evaluation of fetal/maternal plasma leucine enrichments in normal and intrauterine growth retarded pregnancies. *Am J Obstet Gynecol* 1996;174:378
18. Cetin I, Ronzoni S, Marconi AM, Paolini CL, Teng C, Pardi G, Battaglia FC. Relationship between maternal amino acid concentration and umbilical uptake. *J Soc Gynecol Invest* 1997;4:144A
19. Marconi AM, Paolini CL, Cetin I, Stramare L, Ronzoni S, Fennessey PV, Pike A, Pardi G, Battaglia FC. An evaluation of fetal/maternal plasma leucine enrichment in normal [AGA] and in intrauterine growth restricted [IUGR] pregnancies. *J Soc Gynecol Invest* 1998;5:169A

Abstracts di Congressi Internazionali su Riviste non peer reviewed

1. Marconi AM, Sparks JW, Meschia G, Battaglia FC. Net umbilical, hepatic and hindlimb balances of aminoacids in the fetal lamb. Abstract #103, 33rd Annual Meeting of The Society for Gynecologic Investigation, 1986
2. Sparks JW, Marconi AM, Meschia G, Battaglia FC. The lactic acid clamp: application of a new methodology to study fetal utilization of lactic acid. Abstract #271, Annual Meeting of the Society for Pediatric Research, 1986
3. Bozzetti P, Ferrari MM, Marconi AM, Buscaglia M, Ferrazzi E, Pardi G, Makowski EL, Battaglia FC. The ontogenetic changes in the transplacental glucose concentration difference from mid to late gestation. Abstract #150, 34th Annual Meeting of the Society for Gynecologic Investigation, 1987
4. Ferrazzi E, Gementi P, Bellotti M, Marconi AM, Buscaglia M, Pardi G, Makowski EL, Battaglia FC. The correlation of biochemical measurements of the human fetus with Doppler flow profiles of the umbilical artery. Abstract #260, 34th Annual Meeting of the Society for Gynecologic Investigation, 1987
5. Marconi AM, Cetin I, Ferrari MM, Pardi G, Makowski EL, Battaglia FC. Umbilical venous-arterial lactate concentration differences in normal and growth retarded human fetuses. Abstract #18, 35th Annual Meeting of the Society for Gynecologic Investigation, 1988
6. Cetin I, Marconi AM, Corbetta C, L.Piceni Sereni, Battaglia FC, Pardi G. Fetal amino acid concentrations obtained by cordocentesis at mid [AGA infants] and late [SGA infants] gestation in man. Abstract #398, 35th Annual Meeting of the Society for Gynecologic Investigation, 1988
7. Marconi AM, Bozzetti P, Cetin I. Carbohydrate and amino acid metabolism in appropriate [AGA] and small [SGA] for gestational age human fetuses. Abstract Book XI European Congress of Perinatal Medicine, pag 98, 1988
8. Pardi G, Bozzetti P, Ferrari MM, Lanfranchi A, Marconi AM. Metabolic derangement in intrauterine growth retardation. Abstract Book International Symposium on Perinatal Biology, pag 7, 1988
9. Ferrazzi E, Bellotti M, S.Della Peruta, M.Ravizza, Marconi AM, Pardi G. Fetal growth, doppler velocimetry and acid base balance in twin pregnancies. Abstract Book XII World Congress of Gynecology and Obstetrics, pag 149, 1988
10. Cetin I, L.Piceni Sereni, Corbetta C, Marconi AM, Pardi G, F.C. Battaglia. Umbilical amino acid concentrations in normal and growth retarded fetuses sampled in utero by cordocentesis. Abstract Book XII World Congress of Gynecology and Obstetrics, pag 494, 1988
11. Marconi AM, Cetin I, Ferrari MM, Bozzetti P, Lanfranchi A, Pardi G, Battaglia FC. Umbilical venoarterial lactate concentration differences in normal and growth retarded human fetuses. Abstract Book XII World Congress of Gynecology and Obstetrics, pag 494, 1988
12. Ferrazzi, Marconi AM, S.Della Peruta, M.Rodolfi, A.Barbera, G.Bulfony, Pardi G. Biophysical profile vs Doppler velocimetry and acid base balance in utero in growth retarded fetuses. Abstract #S44 2nd European Winter Conference in Gynecology and Obstetrics, pag 24, 1989
13. Cetin I, Sparks JW, Marconi AM, A.N.Quick Jr., Fennessey PV, Meschia G, Battaglia FC. Glycine turnover and oxidation rates and hepatic utilization in the fetal lamb. Abstract #534, 36th Annual Meeting of the Society for Gynecologic Investigation, 1989
14. Cetin I, Sparks JW, Marconi AM, A.N.Quick Jr., Fennessey PV, Meschia G, Battaglia FC. Glycine metabolism in fetal lambs. 73rd Annual Meeting of the FASEB, #5298, 1989
15. Beck Peccoz P, Baggiani AM, Conserva P, Cortelazzi D, Buscaglia M, Levi Setti P, Zuliani G, Marconi AM, Medri G, Pardi G. Cordocentesis Sampling for immunofluorometric [IFMA] measurement of circulating pituitary and chorionic

- glycoprotein hormones during fetal development. International Symposium on "Developmental Endocrinology" pag 5, 1989
16. Cetin I, Marconi AM, Bozzetti P, Makowski EL, Buscaglia M, Pardi G. The venous drainage of the pregnant uterus: transplacental respiratory gas differences in normal [AGA] and growth retarded [IUGR] pregnancies. Abstract #344, 37th Annual Meeting of the Society for Gynecologic Investigation, 1990
 17. Beck Peccoz P, Baggiani AM, Conserva P, Cortelazzi D, Buscaglia M, Levi Setti P, Zuliani G, Marconi AM, Medri G, Pardi G. Highly sensitive and specific measurement of circulating pituitary glycoprotein hormones during fetal development. Abstract #359, 37th Annual Meeting of the Society for Gynecologic Investigation, 1990
 18. Marconi AM, Cetin I, Lanfranchi A, Pardi G, Fanelli R, Davoli E, Rotondo S, Fennessey PV, Battaglia FC. The relationship between glucose disposal rate and [GDR] in pregnancy and conceptus mass. Abstract #498, 37th Annual Meeting of the Society for Gynecologic Investigation, 1990
 19. Beck Peccoz P, Padmanabham V, Baggiani AM, Cortelazzi D, Buscaglia M, Marconi AM, Pardi G, Beitins IZ. Hypothalamic-pituitary-gonadal [HPG] function in normal human fetuses: sex difference and discrepancy between immuno and bioactivity of circulating FSH. Abstract #22 29th Annual Meeting of the European Society for Pediatric Endocrinology, pag 6, 1990
 20. Cetin I, Sparks JW, Marconi AM, Quick AN Jr., Fennessey PV, Meschia G, Battaglia FC. Fetal glycine metabolism in fed and fasted ewes. Abstracts of the First Milan Symposium on: Amino Acid/Protein metabolism in health and disease, pag 26, 1990
 21. Beck Peccoz P, Baggiani AM, Cortelazzi D, Buscaglia M, Marconi AM, Pardi G. Absence of thyroid hormone transplacental passage from hyperthyroid mothers to fetuses as demonstrated by TSH and Thyroid Hormone measurement in fetal blood collected by cordocentesis. Abstract #10, 10th International Thyroid Conference, pag 7, 1991
 22. Cetin I, Marconi AM, Baggiani AM, Buscaglia M, Fennessey PV, Battaglia FC, Pardi G. In vivo transplacental transport of 1-13C glycine and 1-13C leucine in human pregnancies. The It J Gastroenterology, 24:8, 1992
 23. Cetin I, Marconi AM, Baggiani AM, Buscaglia M, Fennessey PV, Quick A, Meschia G, Pardi G, Battaglia FC. In vivo placental transporter of [1-13C]-glycine and [1-13C]-leucine in human pregnancies from mid to late gestation. Abstract #527, 39th Annual Meeting of the Society for Gynecologic Investigation, 1992
 24. Pardi G, Cetin I, Marconi AM, Lanfranchi A, Bozzetti P, Ferrazzi E, Battaglia FC, Buscaglia M. The role of fetal blood sampling in relation to fetal heart rate and Doppler velocimetry in growth retarded fetuses. Abstract #P220, 40th Annual Meeting of the Society for Gynecologic Investigation, 1993
 25. Cetin, Marconi AM, Baggiani AM. Stable isotopes in the investigations of placental transport. Abstract Book, 2nd World Congress of Perinatal Medicine, pag 14, 1993
 26. Marconi AM, Cetin I, Ronzoni S. Fetal amino acid metabolism. Abstract Book, 2nd World Congress of Perinatal Medicine, pag 40, 1993
 27. Ferrazzi E, Bellotti M, Marconi AM, Flisi L, Barbera A, Pardi G. Acid base balance in IUGR fetuses with abnormal Doppler peak velocity of the great vessels. Abstract Book, 2nd World Congress of Perinatal Medicine, pag 162, 1993
 28. Pardi G, Cetin I, Ronzoni S, Marconi AM. Metabolic adjustments in the compromised fetus. Abstract Book 3rd European Congress of the European Society for the Study and Prevention of Infant Deaths, pag 1, 1993
 29. Cetin I, Marconi AM, Corbetta C, Perugino G, Ronzoni S, Battaglia FC, Pardi G. The relative uptakes of amino acids, glucose and oxygen across the umbilical circulation in normal and intrauterine growth retarded [IUGR] pregnancies. Abstract #P159, 41st Annual Meeting of the Society for Gynecologic Investigation, 1994.
 30. Perugino G, Ronzoni S, Marcozzi S, Cetin I, Marconi AM, Pardi G. Amino acids, glucose and oxygen uptake across the umbilical circulation in normal and intrauterine growth retarded [IUGR] pregnancies. Abstract P33, VI International Congress on Inborn Errors of Metabolism, 1994.
 31. Ronzoni S, Cetin I, Perugino G, Marconi AM, Corbetta C, Pardi G. Plasma amino acid concentrations in non pregnant women compared to women with normal and IUGR pregnancies. Abstract P34, VI International Congress on Inborn Errors of Metabolism, 1994.
 32. Marconi AM, Cetin I, Davoli E, Fanelli R, Marcozzi S, Fennessey PV, Battaglia FC, Pardi G. An evaluation of fetal glucogenesis in pregnancies with intrauterine growth retardation. Abstract P130, VI International Congress on Inborn Errors of Metabolism, 1994.

33. Cetin I, Marconi AM, Perugino G, Ronzoni S, Glazier JD, Sibley CP, Pardi G. Amino acid placental microvillous transport in normal and intrauterine growth retarded pregnancies. Abstract Book 4th International Symposium "Amino Acid/Protein Metabolism in health and disease: nutritional implications, pag 13, 1996
34. Marconi AM, Cetin I, Davoli E, Paolini CL, Ronzoni S, Fanelli R, Buscaglia M, Pardi G, Battaglia FC. Fetal/maternal plasma leucine transport and metabolism in normal and intrauterine growth retarded pregnancies. Abstract Book 4th International Symposium "Amino Acid/Protein Metabolism in health and disease: nutritional implications, pag 14, 1996
35. Marconi AM, Paolini CL, Buscaglia M, Zerbo G, Battaglia FC, Pardi G. Glucose metabolism in normal and intrauterine growth retarded pregnancies. XII International Congress: The Fetus as a Patient, pag 42, 1996
36. Paolini CL, Marconi AM, Cetin I, Ronzoni S, Pardi G, Battaglia FC. Feto-maternal plasma leucine metabolism and transport across the placenta of normal and intrauterine growth retarded pregnancies. Abstract Book 24th Annual Meeting Fetal and Neonatal Physiological Society, p.54 [2nd Award of the Society for the Oral Presentation], 1997
37. Cetin I, Radaelli T, Ronzoni S, Paolini CL, Marconi AM, Battaglia FC, Pardi G. Transplacental relationships for respiratory gases, glucose and lactate in normal pregnancies and in pregnancies associated with IUGR and PIH. Abstract Book 24th Annual Meeting Fetal and Neonatal Physiological Society, p 53, 1997
38. Ronzoni S, Cetin I, Paolini CL, Radaelli T, Marconi AM, Teng C, Pardi G, Battaglia FC. Umbilical amino acid uptake at increasing maternal amino acid concentrations: effect of the infusion of a commercial amino acid mixture. Abstract Handbook Fetal and Neonatal Physiology Symposium, pag 104, 1997
39. Cetin I, Marconi AM, Ronzoni S, Paolini CL, Radaelli T, Pardi G, Battaglia FC. Placental-fetal amino acid exchange and metabolism in growth retarded fetus. Abstract R42, 1st International Symposium New Technologies in reproductive Medicine, neonatology and gynecology, 1998
40. Marconi AM, Cetin I, Ferrazzi E, Ronzoni S, Paolini CL, Battaglia FC, Pardi G. Fetal blood sampling in IUGR. Abstract R43, 1st International Symposium New Technologies in reproductive Medicine, neonatology and gynecology, 1998
41. Paolini CL, Marconi AM, Pike A, Fennessey PV, Pardi G, Battaglia FC. An evaluation of the MIST protocol for stable isotopes studies at fetal blood sampling. Abstract Book International Fetal Physiology Symposium, 1999
42. Paolini CL, Agostoni F, Marcozzi S, Marconi AM. Fetal oxygenation and acid base balance in twin pregnancies in utero and at birth. Abstract Book International Fetal Physiology Symposium, 1999.
43. Cetin I, Marconi AM, Ronzoni S, Paolini CL, Radaelli T, Battaglia FC, Pardi G. Placental transport and metabolism of amino acids in normal and growth restricted [IUGR] pregnancies. Abstract Book International Fetal Physiology Symposium, 1999
44. Cetin I, Radaelli T, Marconi AM, Paolini CL, Ronzoni S, Taricco E, Pardi G. Maternal-fetal pregnancies oxygen exchange in IUGR and pre-eclamptic pregnancy. Prenatal and Neonatal Medicine 5 [suppl 1]:27, 2000
45. Paolini CL, Brusati V, Marconi AM. Fetal oxygenation and acid base balance in concordant and discordant twin pregnancies. Prenatal and Neonatal Medicine 5 [suppl 2]:164, 2000
46. Ronzoni S, Marconi AM, Paolini CL, Teng C, Pardi G, Battaglia FC. Umbilical amino acid uptake at increasing maternal amino acid concentrations in intrauterine growth restriction: effect of the infusion of a commercial amino acid mixture. Prenatal and Neonatal Medicine 5 [suppl 2]:177, 2000
47. Cetin I, Marconi AM, Paolini CL, Ronzoni S, Radaelli T, Pardi G, Battaglia FC. Amino acid placental exchange in normal and intrauterine growth restricted pregnancies. Abstract Book, The Physiological Society, pag 4P, 2000
