

**INFORMAZIONI
PERSONALI**

Stefania Triunfo

**ISTRUZIONE
E FORMAZIONE**

2021: Formazione in Esperto di Educazione Sessuale, Federazione Italiana Sessuologia Scientifica (FISS), Associazione Italiana Sessuologia Psicologia Applicata (AISPA), Milano, Italia

2020: Master in Diagnostica Senologica, Scuola Italiana di Senologia, c/o Ospedale Policlinico San Martino IRCCS, Genova, Italia

2020: Operatore certificato per International Ovarian Tumor Analysis, (IOTA) Leuven, Belgio

2020: Idoneità a Professore per l'Università della Svizzera Italiana, Lugano, Svizzera

2019: Riconoscimento diretto del titolo di medico e di perfezionamento in Ginecologia ed Ostetricia da parte dell'Ufficio Federale della Sanità Pubblica UFSP MEBEKO, Svizzera e autorizzazione al libero esercizio presso il Canton Ticino, Svizzera

2019: Idoneità a Professore di Seconda Fascia per il Settore 06/H1 Ginecologia e Ostetricia Ministero dell'Istruzione, dell'Università e della Ricerca, Roma, Italia.

2019: Good Clinical Practice (GCP) Training and Certification - Fondazione Policlinico Universitario 'A. Gemelli' IRCSS, Roma, Italia.

2015: Master in Disegno e Statistica Medica (Università Autonoma di Barcellona), Barcellona, Spagna.

2014: European PhD Label in Fisiopatologia della Riproduzione Umana (Università Cattolica del Sacro Cuore) Roma, Italia.

2012: Riconoscimento dei titoli accademici presso il Ministerio de Salud, Servicios Sociales y Igualdad, Madrid, Espana per esercizio della professione medica specialistica e successiva iscrizione al Colegio dei Medici di Barcellona, Spagna.

2012-2016: Research Fellow presso BCNatal, Barcelona Center for Maternal-Fetal and Neonatal Medicine, Barcellona, Spagna.

2009-2010: Medico Frequentatore per formazione specialistica in ecografia ed ecocardiografia fetale presso il Centro di Diagnosi Prenatale del Policlinico S.Orsola-Malpighi, Bologna, Italia.

2009: Diploma di Specializzazione in Ostetricia e Ginecologia (Università Cattolica del Sacro Cuore) Roma, Italia.

2005: Abilitazione all'esercizio della professione medica (Università Cattolica del Sacro Cuore) Roma, Italia.

2004: Laurea in Medicina e Chirurgia (Università Cattolica del Sacro Cuore) Roma, Italia.

ESPERIENZA PROFESSIONALE

07/2021-ad oggi	Medico Specialista in Ginecologia ed Ostetricia presso ASST Santi Paolo e Carlo Polo Universitario, Università Degli Studi di Milano, Milano, Italia	
11/2020-6/2021	Medico Specialista in Ginecologia ed Ostetricia presso la Fondazione IRCCS Ca' Granda Ospedale Maggiore Policlinico, Università Degli Studi di Milano, Milano, Italia	X
08/2019-07/2020	Medico Ricercatore presso l'Università della Svizzera Italiana, Lugano, Svizzera e Medico Capoclinica presso il Dipartimento di Ginecologia e Ostetricia, Ospedale Regionale di Lugano, Lugano, Svizzera.	
08/2019-07/2020	Co-developer del Women Module per il Master di Medicina presso l'Università della Svizzera Italiana, Lugano, Svizzera.	
09/2017-06/2019	Dirigente medico presso il Polo della Donna, del Neonato e del Bambino, Fondazione Policlinico Universitario 'A. Gemelli' IRCCS, Roma, Italia.	X
01/2017-07/2017	WHO - Area of HQ/MCA - Maternal, Newborn, Child and Adolescent Health, Ginevra, Svizzera.	
10/2015-12/2016	Clinical Researcher presso KLINTEC Obstetrics and Gynecology, Karolinska Institutet Huddinge, Stoccolma, Svezia.	
05/2013-09/2015	Medico specialista con compiti assistenziali di urgenza e sala parto presso Institut Clínic de Ginecología, Obstetricia y Neonatología del Hospital Clínic de Barcelona, Barcellona, Spagna.	
06/2012-09/2015	Clinical Researcher presso BCNatal, Barcelona Center for Maternal-Fetal and Neonatal Medicine, Barcellona, Spagna.	
09/2012-09/2015	Membro del gruppo di Terapie Fetali presso Institut Clínic de Ginecología, Obstetricia y Neonatología del Hospital Clínic de Barcelona, Barcellona, Spagna.	
04/2010-05/2012	Medico specialista con compiti assistenziali di urgenza presso 'Clinica Villa Verde', Roma, Italia.	
12/2009-05/2012	Medico specialista presso il Centro di Sorveglianza della gravidanza ad alto rischio ('SorGe'), Fondazione Policlinico Universitario 'A. Gemelli' IRCCS, Roma, Italia.	X

COMPETENZE

PERSONALI

Lingua madre Italiano

Lingue straniere

	COMPRENSIONE		PARLATO		PRODUZIONE SCRITTA
	<i>Ascolto</i>	<i>Lettura</i>	<i>Interazione</i>	<i>Produzione orale</i>	
Inglese	C2	C2	C2	C2	C2
Francese	C2	C2	C2	C2	C2
Spagnolo	C2	C2	C2	C2	C2
Svedese	A1	A1	A1	A1	A1

Livelli: A1 e A2: Utente base - B1 e B2: Utente autonomo - C1 e C2: Utente avanzato

Competenze comunicative Ottime competenze comunicative, acquisite nelle sedi e durante i ruoli precedentemente riportati.

Competenze organizzative e gestionali Ottime competenze organizzative e di team-leading acquisite durante le precedenti attività lavorative e di ricerca.

Competenze professionali Ottima padronanza dei processi clinici assistenziali in medicina materno-fetale e competenze di mentoring.

Competenze digitali Ottima padronanza del pacchetto Office (European Computer Driving Licence, ECDL).

Competenza in statistica sanitaria Ottima padronanza dei sistemi di analisi statistica (SPSS, STATA, R Project for Statistical Computing, GraphPad, MedCalc).

ATTIVITA' DI RICERCA

Sedi

Fondazione IRCCS Ca' Granda Ospedale Maggiore Policlinico, Università Degli Studi di Milano, Milano, Italy

Ente Ospedaliero Cantonale, Dipartimento di Ginecologia ed Ostetricia- Università della Svizzera Italiana, Lugano, Svizzera.

Università Cattolica del Sacro Cuore, Fondazione Policlinico Universitario 'A. Gemelli' IRCSS, Roma, Italia.

BCNatal, Barcelona Center for Maternal-Fetal and Neonatal Medicine (Hospital Clínic and Hospital Sant Joan de Deu), Barcellona, Spagna.

KLINTEC Obstetrics and Gynecology Karolinska Institutet, Huddinge, Stoccolma, Svezia.

Responsabilita' di studi e ricerche scientifiche affidati da qualificate istituzioni pubbliche o private (bando di gara per finanziamento)	10/2012-12/2013	A multidisciplinary research programme for the evaluation of diagnostic techniques and intervention measures for prenatal brain damage using growth restriction as a model. Funded by: Cerebra Research Fund.
	09/2012-12/2014	Quantitative imaging biomarkers: novel methods for the prediction of abnormal neurodevelopment based on connectomics in babies with fetal growth restriction. Funded by: Obra Social 'La Caixa'.
	01/2013-12/2018	EVERREST Project: 'Does vascular endothelial growth factor gene therapy safely improve outcome in severe early-onset fetal growth restriction?' N°: CE_FP7_HEALTH_IN1_12305823. Funded by: European Commission.
	01/2014-12/2016	Grup de medicina Maternofetal i Neonatal mixte Hospital Clínic de Barcelona and Hospital Sant Joan de Déu. Funded by: Government of Catalonia.
	04/2014-12/2018	Improvement in the definition of fetal growth restriction. Funded by: Government of Catalonia.
	01/2016-12/2018	Role of placental growth factor in the management of non-severe preeclampsia. MAP studio: PI15/00903. Funded by: INSTITUTO DESALUD CARLOS III.
	10/2015-07/2016	First trimester maternal level of vitamin D and blood pressure values in the development of gestational diabetes. Pilot study. Funded by: Karolinska Institutet.
	12/2015-07/2016	Assessment of severe adverse perinatal outcome in fetal growth restriction in unselected population. Secondary analysis of APO Project. Funded by: Lund University.
	2017-2019	Principal investigator and co-investigator in progetti di ricerca in ambito materno-fetale presso Fondazione Policlinico Universitario 'A. Gemelli' IRCSS, Roma, Italia.
	2019-2020	Principal investigator and co-investigator in progetti di ricerca in ambito ostetrico presso l'Ente Ospedaliero Cantonale, Lugano, Svizzera.

Libri (capitoli)

Obstetrical Risks in Obesity' in 'Obesity' by Editors Shamim I. Ahmad & Syed Khalid Imam. Ed. Springer. 2015 pp 267-274.

Partecipazione ed organizzazione di congressi nazionali ed internazionali

- The Endocrine Society's 87th Annual Meeting', San Diego. 4 -7 June 2005. Longitudinal changes of adipocyte-derived hormones during pregnancy: relation to maternal anthropometric characteristics, carbohydrate metabolism and fetal growth. Oral communication.
- The 13th World Congress of Gynecological Endocrinology, Florence. From February 28th to March 2nd 2008. High risk pregnancy section. Abnormal uterine Doppler velocimetry: prenatal Dopplerevaluation of very preterm fetuses and neonatal outcome. Oral communication.
- The 13th World Congress of Gynecological Endocrinology, Florence. From February 28th to March 2nd 2008. High risk pregnancy section. Conservative management of placenta previa- prophylactic accreta by uterine. Oral communication.
- ISUOG World Congress, Chicago, 24-28 August 2008. Abnormal uterine Doppler velocimetry: prenatal Doppler evaluation of very preterm fetuses and cerebral neonatal outcomes. Poster presentation.
- Updating for Gynaecologists and Obstetricians, St. Pertini Hospital, Rome. 28 November 2009. Cardiotocography during labor in low risk pregnancy. Invited speaker.
- The 14th World Congress of Gynecological Endocrinology, Florence. From February 4 -7 March 2010. High risk pregnancy section. Effect of partogram use on caesarean section using Robson's classification. Oral communication.
- The 14th World Congress of Gynecological Endocrinology, Florence. From February 4 -7 March 2010. Effect of epidural analgesia on caesarean section using Robson's classification. Oral communication.

- ISUOG World Congress, Prague, 10-14 October 2010. Effect of metformin on fetal growth in women with pregestational diagnosis of polycysticovary syndrome. Posterpresentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Clinical and ultrasonographic management of post-term pregnancies: experience of a third level center. Posterpresentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Inter and intraobserver repeatability of 3D ultrasound volume in post-term pregnancies cervix. Posterpresentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Fetal cardiac function assessed by myocardial performance index in normal pregnancy. Poster presentation.
- Ultrasound Course "Basic", Città di Castello, Perugia, 26-27 November 2010. The third trimester of pregnancy ultrasound: biometry and fetal growth. Invited speaker.
- VIII National Meeting Doctoral Research in Gynecology and Obstetrics, Certosa di Pontignano, Siena. 18 February 2011. Effect of metformin on the estimated fetal weight and neonatal mortality in pregnancy complicated by hyperinsulinism. Oral communication.
- SIGO, Palermo 25-28 Settembre 2011. Gestione della gravidanza oltre il termine: confronto tra due diverse condotte cliniche. Poster.
- SIGO, Palermo 25-28 Settembre 2011. Effetto della terapia iperinsulinemica in gravide con diagnosi pregestazionale di sindrome dell'ovaio policistico sul volume e la vascolarizzazione placentare valutato mediante ultrasonografia 3-D power a 11-14 settimane di gravidanza. Comunicazione orale.
- SIGO, Palermo 25-28 Settembre 2011. Correlazione tra velocità di picco sistolico in arteria cerebrale media fetale e titolazione del test di coombs in gravidanze complicate da alloimmunizzazione: esperienza decennale in un centro di III livello. Comunicazione orale.
- Workshop on umbilical cord Città di Castello, Perugia, 29 November 2011. Open questions on Doppler pattern. Invited speaker.
- FIGO, Rome 14-19 October 2012. Correlation between peak systolic velocity in fetal middle cerebral artery and Coombs test in pregnancies complicated by immunization: ten years' experience in a third level center. Poster.
- FIGO, Rome 14-19 October 2012. Analysis of outpatient management of pregnancy beyond the term at a Third level center. Poster.
- FIGO, Rome 14-19 October 2012. Clinical versus ultrasonographic evaluation of cervical length in post term pregnancy. Poster.

- Congress of Perinatal Medicine, Mosca 10-15 June 2013. Fetal overweight and clinical management. Poster.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. First trimester prediction of PE: value of angiogenic factors. Oral communication.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. Placental findings in late small-for-gestational age infants. Oral communication.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. Doppler evaluation for predictors of placental histology in late small-for-gestational age. Oral communication.
- The 14th World Congress of Gynecological Endocrinology, Florence. From February 4 -7 March 2010. Effect of epidural analgesia on caesarean section using Robson's classification. Oral communication.
- ISUOG World Congress, Prague, 10-14 October 2010. Effect of metformin on fetal growth in women with pregestational diagnosis of polycysticovary syndrome. Poster presentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Clinical and ultrasonographic management of post-term pregnancies: experience of a third level center. Poster presentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Inter and intraobserver repeatability of 3D ultrasound volume in post-term pregnancies cervix. Poster presentation.
- ISUOG World Congress, Prague, 10-14 October 2010. Fetal cardiac function assessed by myocardial performance index in normal pregnancy. Poster presentation.
- Ultrasound Course "Basic", Città di Castello, Perugia, 26-27 November 2010. The third trimester of pregnancy ultrasound: biometry and fetal growth. Invited speaker.

- Congress of Perinatal Medicine, Mosca 10-15 June 2013. Fetal overweight and clinical management. Poster.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. First trimester prediction of PE: value of angiogenic factors. Oral communication.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. Placental findings in late small-for-gestational age infants. Oral communication.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. Doppler evaluation for predictors of placental histology in late small-for-gestational age. Oral communication.
- Fetal Medicine Foundation Congress, Marbella 24-28 June 2013. Neurodevelopmental outcome in term, small-for-gestational age infants with and without histological signs of placental underperfusion. Oral communication.
- 16th World Congress of Gynecological Endocrinology, Florence 5-8 March 2014. Association between angiogenic factors and placental underperfusion in late-onset small-for-gestational age births. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Angiogenic factors at diagnosis of late-onset small-for-gestational age and histological placental underperfusion. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. First trimester screening with specific algorithms for fetal growth restriction and smallness gestational age. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Internal validation of first-trimester screening for preeclampsia. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. First trimester screening with specific algorithms for early and late onset fetal growth restriction. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Angiogenic

factors versus Doppler evaluation in the third trimester for the identification of late-onset small-for-gestational age births. Oral communication.

- ISUOG World Congress, Barcelona, 14-17 September 2014. Association of Doppler parameters with placental signs of underperfusion in late-onset SGA pregnancies. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. An integrated model with classification criteria to predict small-for-gestational-age fetuses at risk of adverse perinatal outcome Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Correlation between placental underperfusion, histologic signs and perinatal morbidity in late-onset small for gestational age fetuses. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Association of Doppler parameters with placental signs of under perfusion in late-onset SGA pregnancies. Oral communication.
- ISUOG World Congress, Barcelona, 14-17 September 2014. Forms of Circulating Luteinizing Hormone Human Chorionic Gonadotropin Receptor for the Prediction of Early and Late Preeclampsia in the First Trimester of Pregnancy. Oral communication.
- Third International Conference on Fetal Growth, Oxford, 2014. An integrated model with classification criteria to predict small-for-gestational-age fetuses at risk of adverse perinatal outcome. Oral Communication.
- Third International Conference on Fetal Growth, Oxford, 2014. Contingent versus routine third-trimester screening for late fetal growth restriction. Oral Communication.
- Fourth International Conference on Fetal Growth. Barcelona, Spain September 14-16, 2015. Routine third trimester screening of fetal growth: serial 34 & 37-weekvs.single 37-weekstrategy Oral communication.
- Fourth International Conference on Fetal Growth. Barcelona,Spain September 14-16, 2015. First trimester screening with specific algorithms for fetal growth restriction and smallness gestational age. Oral communication.
- Fourth International Conference on Fetal Growth. Barcelona,Spain September 14-16, 2015. Internal validation of first-trimester screening for preeclampsia. Oral communication.
- Fourth International Conference on Fetal Growth. Barcelona,Spain September 14-16, 2015. Performance of a third trimester combined screening model for the prediction of adverse perinatal outcome. Oral communication.
- Fourth International Conference on Fetal Growth. Barcelona,Spain September 14-16, 2015. Prediction of fetal growth restriction using estimated fetal weightversus a combined screening model at 32-36 weeks of gestation. Oral communication.

- ISUOG World Congress, Montreal, 11-14 October 2015. Ultrasound and Dopplerevaluation at routine third trimester scan to detect late pregnancy (SGA) in adequate-for-gestational age (AGA) pregnancies. Oral communication.
- ISUOG World Congress, Montreal, 11-14 October 2015. Ultrasound and Dopplerevaluation at routine third trimester scan to detect late pregnancylarge-for-gestational age fetuses (LGA) in (AGA) fetuses. Oral communication.
- ISUOG World Congress, Montreal, 11-14 October 2015. Association between ultrasound and Dopplerparameters and subsequent low growth trajectory of adequate-for-gestational fetuses at routine third trimester scan. Oral communication.
- SIMP 2015 XVIII Italian Congress of Perinatal Medicine. Assisi, Italy December 3 -5, 2015. Contingent versus routine third-trimester screening for late fetal growth restriction. Oral communication.
- UpToDate in Obstetrics and Gynecology Stockholm, Sweden February 23, 2016. Diagnosis and management of fetal growth restriction in Spain and Italy. Invited speaker.
- ISGE 2016 17th World Congress of Gynaecological Endocrinology Florence.March 2-5, 2016. Association of first-trimester angiogenic factors with placental histological findings in late preeclampsia. Oral communication.
- International Congress on Fetal Growth. Palermo 14th-16th April 2016. Timing of third trimester routine scan. Invited speaker.
- International Congress on Fetal Growth. Palermo 14th-16th April 2016. Prediction of deliveryof small-for-gestational-age neonates and adverse perinatal outcome byfetoplacental Doppler at 37 weeks'gestation. Oral communication.
- International Congress on Fetal Growth. Palermo 14th-16th April 2016. Changes in uterine artery Doppler velocimetry and circulating angiogenic factors in the first half of pregnancies delivering a small-for-gestational-age neonate. Oral communication.
- International Congress on Fetal Growth. Palermo 14th-16th April 2016. Chairman in oral communication session.
- UpToDate in Obstetrics and Gynecology Stockholm, Sweden April 26, 2016. Timing of third trimester routine scan for fetal growth restriction. Invited speaker.
- 15th World Congress in Fetal Medicine. 26-30 June 2016. Marbella, Spain. Performance of a third trimester combined screening model for the prediction of adverse perinatal outcome. Oral communication.
- 15th World Congress in Fetal Medicine. Marbella, Spain. 26-30 June 2016. Prediction of fetal growth restriction using estimated fetal weight versus a combined s creening model at 32-36 weeks of gestation. Oral communication.

- 3rd Edition Preeclampsia. Verona, Italy. September 16, 2016. Association of first-trimester angiogenic factors with placental histological findings in late preeclampsia. Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016. Prediction of delivery of small-for- gestational-age neonates and adverse perinatal outcome byfetoplacental Dopplerat 37 weeks' gestation. Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016 Changes in uterine artery Doppler velocimetry and circulating angiogenic factors in the first half of pregnancies delivering a small- for-gestational-age neonate. Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016. Association of first-trimester angiogenic factors with placental histological findings in late-onset preeclampsia Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016. Awareness of severe adverse outcomes in smallness-for-gestational age babies using a policyof third trimester scan stratified by antenatal identification and gestational age at delivery. Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016. Performance of a third trimester combined screening model for the prediction of adverse perinatal outcome. Oral communication.
- ISUOG World Congress, Rome, 25-28 September 2016. Prediction of fetal growth restriction using estimated fetal weight versus a combined screening model at 32-36 weeks of gestation. Oral communication.
- SIGO 2016. Rome, Italy. October 16-19, 2016. Identification of obstetric targets for reducing cesarean section rate using the Robson Ten Group Classification in a tertiary level hospital. Oral communication.
- Update in medicina materno-fetale. Florence, Italy. 9-10 November 2016. Discussant in 'Diagnosisof fetal growth restriction' session.
- 9th International Symposium On Diabetes, Hypertension, Metabolic Syndrome and Pregnancy (DIP). Barcelona, Spain. 8-12 March 2017. First trimester screening with specificalgorithms for early and late onset fetal growth restriction. Oral communication.
- European Congress on Intrapartum Care. Stockholm, Sweden, 25-27 May 2017. Influence of maternal characteristics and epidural analgesia on cesarean section rate according to the Robson's classification: a longitudinal study in groups 1 and 3. Poster.
- European Congress of the International Society for the Study of Hypertension in Pregnancy (ISSHP). Berlin, Germany. 06-09 September 2017. Prediction of late onset IUGR. Invited speaker.
- 27° World Congress on Ultrasound in Obstetrics and Gynecology. Impact of

maternal anxiety on intrauterine growth and feto-placental circulation in late third trimester. Oral communication.

- 27° World Congress on Ultrasound in Obstetrics and Gynecology. Third-trimester prediction of late fetal growth restriction by longitudinal versus cross-sectional assessment. Oral communication.

- 27° World Congress on Ultrasound in Obstetrics and Gynecology. Prediction of delivery of small-for-gestational age neonates and adverse perinatal outcomes by angiogenic factors at 37 weeks' gestation. Oral communication.

- 92° Congresso SIGO 'Influenza delle caratteristiche materne e dell'analgesia epidurale sui tagli cesarei nelle classi 1 e 3 della classificazione di Robson. Comunicazione orale

- 92° Congresso SIGO 'Il dato isolato sul feto piccolo (IUGR/SGA) pone problemi clinico- interpretativi. Invited Speaker

- Policlinico Casilino, Roma. Anemia in gravidanza e peripartum: documento di consenso del gruppo ostetrico romano sulla prevenzione dell'emorragia postpartum. Relazione su 'ANEMIA MATERNA: COME PREVENIRE, COME TRATTARE'. Invited speaker.

- Brescia. Incontro Società Lombarda di Ostetricia e Ginecologia (SLOG). Identificazione della restrizione di crescita fetale nel III trimestre e conduzione clinica. Relazione su DIAGNOSI DI IUGR: QUANTO E QUANDO E' IMPORTANTE L'ECOGRAFIADDEL III TRIMESTRE? Invited speaker.

- ISGE, Florence 18° International Congress 5-8/3/2018. Health care cost analysis for deliveries according to the maternal age classes in a university hospital setting: a five-years retrospective cohort study. Poster communication.

- Palermo, 11/06/2018. Special guest per Meeting su Modello organizzativo di Unità feto- placentare.

- Palermo, Congresso Regionale AOGOI 4-6/10/2018 Relazione su 'indagini biochimiche alla luce delle nuove acquisizioni scientifiche.'

- Bari, 22/10/2018. SIAPEC-IAP. Congresso annuale di Anatomia Patologica. Placental metastasis from maternal lung carcinoma: a case report. Oral communication.

- Bari, 22/10/2018. SIAPEC-IAP. Congresso annuale di Anatomia Patologica. A unique case of placental disorder placenta accrete and total placenta previa with concomitant EPS. Oral communication.

- Bari, 22/10/2018. Riflessioni sulla nascita. Relazione su 'Diagnosi, classificazione e management del ritardo di crescita intrauterino'

- 93° Congresso SIGO 28-30/11/2018 Analisi dei costi per l'assistenza al parto in accordo alle classi di età materna: verso un approccio personalizzato della spesa sanitaria. Comunicazione orale

- 93° Congresso SIGO 28-30/11/2018 Analisi dei costi per l'assistenza al parto in accordo origine etnica materna: verso un approccio personalizzato della spesa sanitaria. Comunicazione orale
- Venice, Birth 14-17/11/2018, Cost analysis for birth assistance according to the maternal age classes: moving to a personalized health care expence. Oral Poster
- Venice, Birth 14-17/11/2018, Cost analysis for birth assistance according to the maternal racial origin: moving to a personalized health care expence. Oral Poster
- European Congress of intrapartum care, Turin 14-17/03/2019. Cost analysis for deliveries according to maternal age classes for moving to a personalized approach in the health care. Invited speaker.
- European Congress of intrapartum care, Turin 14-17/03/2019. Socio-cultural and clinician determinants in the maternal decision-making process to choice trial of labor versus elective repeated cesarean section: a questionnaire comparison between Italian settings. Oral poster.
- European Congress of intrapartum care, Turin 14-17/03/2019. Cost analysis for birth assistance according to the maternal racial origin: moving to a personalized health care expence. Oral Poster.
- SIMP, Bologna, 5-7 November, 2019. Does mild intrahepatic cholestasis of pregnancy require an aggressive management? evidence from a prospective observational study focused on adverse perinatal outcomes and pathological placental findings. Oral communication.
- SIMP, Bologna, 5-7 November, 2019. Standard of care in gestational diabetes mellitus and sequential effect on placental histology: evidence from a prospective one-site study Oral communication.
- Screening del primo trimestre di gravidanza, 21 febbraio 2020, Lugano Screening in restrizione di crescita fetale: stato dell'arte. Responsabile scientifico e Relazione
- Screening del primo trimestre di gravidanza, 21 febbraio 2020, Lugano Screening nel primo trimester di gravidanza: Cosa sapere e cosa fare. Relazione.
- 10° Giornata della Ricerca della Svizzera Italiana nella sezione CLINICA. Multi-site hospital as an efficient tool to mitigate the cesarean section rate: findings from a time-trend analysis in southern Switzerland. Oral communication.
- SPECIAL GUEST: Updated in Obstetrics. Intraepatic cholestasis of pregnancy. Gescons. Colombia 7 ottobre 2020.
- Congresso internazionale ISGE 2-5 dicembre 2020. Multi-site hospital as an

efficient tool to mitigate the cesarean section rate: findings from a time-trend analysis in southern Switzerland. Oral communication.

Altre attività scientifiche

Member of the Editorial Board for BMC Pregnancy and Childbirth (from 2/2021)

Special Guest Editor for the Special Issue "Maternal Delivery Nursing and Female Health" for International Journal of Environmental Research and Public Health (2020)

Costruzione del modulo 'Women' per il Master in Scienze Biomediche dell'Università Italiana della Svizzera Italiana, Lugano, Svizzera (08/2019-06/2020)

Nomina di 'Cultore della materia in Patologia Ostetrica' Università Cattolica del Sacro Cuore (AA. 2017/18 e AA2018/19)

Relatore/Correlatore in tesi di laurea in Medicina e Chirurgia e Ostetricia (UCSC, AA. 2017-18, UCSC, AA. 2018-19)

Partecipazione alla realizzazione di calcolatrici online della crescita fetale (<http://medicinafetalbarcelona.org/calc/>)

Partecipazione alla realizzazione di modelli ingegneristici per la circolazione fetale (Universidad Pompeu Fabra, Barcelona, Prof. B. Bijinens, <http://physense.upf.edu/areas>)

Partecipazione alla coordinazione della piattaforma postnatale per valutazione postnatale neurocomportamentale (Neonatal Behavioral Assessment Scale (NBAS)) in neonati di basso peso (Responsabile: Dr. A. Arranz).

Collaborazione nell'insegnamento di Ginecologia ed Ostetricia (Ritardo di crescita intrauterina) al corso di Medicina e Chirurgia (VI anno) per gli AA2013-14, 2014-15, Università di Barcellona (Prof. Figueras).

Collaborazione nell'insegnamento di Ginecologia ed Ostetricia (Primo trimestre di gravidanza) al corso di Medicina e Chirurgia (VI anno) per l'AA2015-16, Università di Stoccolma (Prof. Lindqvist).

Membro delle seguenti società:

- IFPA (International Federation of Placenta Associations)
- ISGE (International Society of Endocrinological Gynecology)
- ISUOG (International Society of Ultrasound in Obstetrics & Gynecology)
- SEGO (Societat Espanola de Ginecologia y Obstetricia)
- SGGG (Schweizerische Gesellschaft für Gynäkologie und Geburtshilfe)
- SIGO (Società Italiana di Ginecologia ed Ostetricia)
- SIEOG (Società Italiana di Ecografia Ostetrica e Ginecologica e Metodologie Biofisiche)

Premi e riconoscimenti

ISUOG Congress, Barcelona, 2014. Best Oral Communication. Forms of Circulating Luteinizing H Receptor for the Prediction of Early and Late Preeclampsia in the First Trimester of Pregnancy.

ISUOG Congress, Barcelona, 2014. Best Oral Communication. First trimester screening with specific al smallness gestational age.

Third International Conference on Fetal Growth, Oxford, 2014. Best Oral Communication.

An integrated model with classification criteria to predict small-for-gestational-age fetuses at risk of adverse perinatal outcome.

Fourth International Conference on Fetal Growth, Barcelona, 2015. Best Oral Communication. Internal validation of first-trimester screening for preeclampsia.

Fetal Growth Conference, Palermo, 2016. Best Oral Communication. Prediction of

smallness-for-gestational age byfeto-placental Doppler at 37 weeks'

Honor by Science Discoveries for the research article: Socio-cultural and clinician determinants in the maternal decision-making process in the choice for trial of labor vs. elective repeated cesarean section: a questionnaire comparison between Italian settings 2019
